1. One loose end from the meeting Marty, you, and I had with [REDACTED] was to examine the unsolicited offer of assistance the Coast Guard had received and had passed to Billy for information/comments. Attached is the cover letter to the package, which [REDACTED] has under review. [REDACTED] is familiar with the individual, but he is doing some additional research. Please feel free to call [REDACTED] if you want his preliminary assessment.
